

THIS IS ONE VERY **RESPONSIVE** FAUCET.

Proximity™ Sensing Technology

IT ACTUALLY SENSES YOUR APPROACH.

There's no optics. No infrared. The next generation in hands-free functionality is definitely here. It's Proximity™ Sensing Technology from Delta®:

- Entire spout acts as a sensor
- Automatically responds when approached
- Contributes to water efficiency
- Backed by industry's best 5-year limited warranty
- Available in two popular styles: Arzo® and Grail®

This is one very responsive faucet.

Grail

610T040 - Hardwire operation
611T040 - Battery operation
611T040-HP - HydroPower™ operation

Arzo

600T040 - Hardwire operation
601T040 - Battery operation
601T040-HP - HydroPower operation
